EMERALD DOWNS ENTRIES:

Emerald Downs Racing, LLC reserves the right to retain possession of all registration papers for any horse claimed at Emerald Downs until the conclusion of the current race meet (September 17, 2017).

The correct medication for horses must be noted at time of entry.

A horse shall be entered in no more than one race in any one racing day. In divided races, entries will be split.

Horses drawn into a race, except sweepstakes, will be considered "in-today" horses until the race has been run. In-today horses must be noted at time of entry.

All sweepstakes races will be drawn up to (12) horses. All overnight races at the distances of four and one-half furlongs, five furlongs, and one-mile, the field size will be limited to (10) horses. In all sweepstakes, preference to run is determined by high weights or money earned. In the event a horse is excluded from the body of the race, entry fees will not be charged.

Trainers may enter up to two horses in an overnight race ONLY with the approval of the Racing Secretary at the time of entry [as provided in WAC 260-40-030 (2)].

All "Conditional" entries must be made at entry time and approved by the Racing Secretary. The Racing Secretary is authorized to accept entries that will be allowed to scratch based upon predetermined conditions, and may include changes in track conditions, re-entering for another upcoming race, etc.

Emerald Downs reserves the right to change or withdraw any unclosed race.

Due to weather or track condition, the distance of a race may be changed.

ELIGIBILITY AND ALLOWANCES:

When entering horses, owners and trainers are responsible to verify the eligibility of their horses and weight allowances. The Director of Racing or any member of his staff will provide any information requested.

Maidens are not permitted to exclude winners in non-maiden races, except where a winner is the second choice of a same ownership.

Non-winners of a stated amount applies only to the purse received from finishing first.

In all starter races, eligibility must be re-established following all claims.

Non-starters must be starting gate approved by the official started before entry will be accepted.

Horses penalized in a race shall not be entitled to any of the allowances in such race. Horses not entitled to the first allowance in a race are not entitled to the second and if not the second, then to no subsequent allowance unless specified elsewhere in the conditions of race.

The clause "Maiden races, Claiming races...not considered" applies to both eligibility and allowances. In addition, the term "Maiden Races" refers to a win in any and all races restricted to maidens. These rules shall apply unless otherwise stated in the conditions of the race.

In races where "state bred not considered", state bred refers to those races restricted to Washington Bred horses.

WAC 260-60-405 Claiming--Declaring a horse ineligible to be claimed at time of entry.

(1) At the time of entry, the owner, trainer or if designated, the jockey agent, may opt to declare a horse ineligible to be claimed provided:

(a) The horse has been laid off and has not started in a race for a minimum of one hundred eighty days; and

(b) The horse is entered for a claiming price equal to or greater than the price at which the horse last started.

(2) Failure to declare the horse ineligible to be claimed at the time of entry may not be remedied.

(3) The provisions of this rule will only apply to the first start following each layoff.

In advance of the 2017 racing season, the Washington Horse Racing Commission has approved an amendment to WAC 260-60-460 regarding the cancellation of claims. The new language states:

The stewards will void a claim if the following occurs:

1. The horse dies or suffers a catastrophic injury during the running of the race and is euthanized prior to leaving the track
2. If, within two hours of the official "off time" of the race and following an injury incurred during the race, the official veterinarian, in consultation with the practicing veterinarian, determines that it would be inhumane to prolong treatment in an attempt to save the horse, even for nonperformance purposes, the horse is euthanized.

JOCKEY ENGAGEMENTS:

No apprentice weight allowance granted in a sweepstakes.

Trainers must name a rider at time of entry.

Any named jockey is bound to fulfill his riding engagements unless excused by the stewards.

NO SCRATCH TIME/ENTER TO RUN POLICY:

No scratch time, enter to run.

In the event that the number of entries exceeds the prescribed levels in any race, horses not assigned a post position number will be considered excluded from that race.

No also eligible list will be drawn for any race during the 2017 Emerald Downs meet.

Any rider changes, or changes to the official program are to be approved by the Stewards by 1:00 p.m. the day of entry.

Any horse that is in a race may not be sold or transferred until that obligation is completed except with the permission of the Stewards.

Scratches -

Scratches dropped for horses because of "track condition" are **NOT** automatically scratched. WHRC Stewards shall have the **final** decision and horsemen are advised to contact the Stewards regarding such scratches.

TRACK RULES:

Emerald Downs reserves the right to cancel or postpone any sweepstakes or other race prior to the actual running thereof, without liability, except for the return of nomination, entry, and other fees paid. Postponement will call for a redraw at a time designated by the Director of Racing. In all stakes races, Emerald Downs reserves the right to cancel any race-which fails to subscribe a minimum of five (5) betting interests.

The purchase or transfer of any horse on the grounds, whether by private sale, claiming or public auction, does not guarantee the new owner a stall for such horse unless approved by the Director of Racing.

Horses claimed or sold to any person or stable not registered for racing must be removed from the grounds unless approved by the Director of Racing.

The following are the track safety rules for all persons on horseback (including but not limited to exercise, pony riders, and trainers) while on the grounds of Emerald Downs:

Horses over twelve years of age are not eligible to race at Emerald Downs.

Horses over the age of FIVE, which have never started, or which have not started in the previous year, **MUST** be approved by The Director of Racing.

EMERALD DOWNS ANTI-SLAUGHTER POLICY:

Emerald Downs requires its racing participants to adhere to its anti-slaughter policy. The policy states: Any owner or trainer stabled at Emerald Downs who knowingly, or without conducting proper due diligence, sells a horse for slaughter, directly or indirectly, will have his or her stalls permanently revoked from Emerald Downs. Emerald Downs requires its owners and trainers to conduct due diligence on those buying horses and encourages its owners and trainers to support rescue and adoption efforts and to find humane ways of dealing with horses unable to continue racing.

TRACK SAFETY RULES:

No trotting or galloping through the barns or on the roadways. Do not attempt to enter the track after the track has closed or before it has opened.

Horses must be at a walk when entering the quarter chute and when leaving the track.

When returning from galloping, horses should remain within 20 feet of the outside rail.

No one may stop and stand or sit while on a pony along the outside rail between the 1/8th pole and 7/8th pole.

If a trainer has a horse that needs special circumstances-which may violate one of these rules, permission must be obtained from the outrider on duty prior to exercising the horse. (Outriders work on a rotating basis during training hours; do not assume permission to violate a track safety rule given by one outrider is approved by all outriders. You must obtain permission each time the horse is trained.)

You may not work a horse while an emergency situation is occurring. If you have begun your work, you should ease your horse up to ensure everyone's safety.

When you see a horse or rider injured or a loose horse, notify the closest outrider.

INJURIES:

If you are injured, to be eligible for L&I medical coverage, it is required that you notify both the medic on duty at the quarter chute and the trainer whose horse you were exercising when injured. The trainer and exercise rider or pony person must be appropriately licensed to be eligible for coverage under the Horse Racing Industry L&I account.

If no clocker is present, the horse may train, but the workout will not be accepted as an official workout.
- (6) During a racing association's scheduled race meet and training dates, workouts occurring off the grounds will only be accepted for the purposes of that meet if recorded and submitted to the racing secretary and/or commission by a licensed clocker.

Northwest Race Series nominating and eligibility money was allocated to two-year-old races in January of 2017, by the Northwest Races Series Committee which included; track management from Emerald Downs (EMD), representatives from the Board of Directors of the Washington Thoroughbred Breeders and Owners Association. That group agreed to add the following conditions to the Northwest Race Series races:

1. All races in the series will be run if there is a minimum of 5 betting interests in each race. If the race does not have a minimum of 5 betting interests, all allocated series nominating money will revert back to the Northwest Race Series pool for future distribution within the series.
2. If a scheduled race cannot be run due to inclement weather or any other reason, the track will attempt to reschedule said race at a later date in the race meet. If this is not possible, the race will be canceled and all allocated nominating money will revert back to the Northwest Race Series pool for future distribution within the series.
3. Starting in 2011 it is possible that there could be two nominators who will split the award on some horses. If a horse was provisionally nominated as a weanling and then someone else finished the nomination, the original nominator would get 50% of the award and the completing nominator would get the remaining 50%.

\$30,000 IN NWRS FUNDS ADDED TO GOTTSTEIN FUTURITY

For 2017, an additional \$30,000 in NWRS funds has been allocated to the Gottstein Futurity. This will be over and above the \$65,000 in purse money and will be paid to the top five NWRS-nominated finishers, regardless of their final placing in the race. These monies will be paid out as follows:

55% of \$30,000 (\$16,500)

20% of \$30,000 (\$6,000)

15% of \$30,000 (\$4,500)

7.5% of \$30,000 (\$2,250)

2.5% of \$30,000 (\$750)

SUPPLEMENTARY NOMINATIONS/ENTRIES:

In the event of any supplemental declaration and/or scratch, there shall be NO REFUNDS, and further;

A) All noted fees for supplemental nomination would be for each individual race.

B) Two-year-old (supplemental nomination) will only run for 90% of the total gross purse.

EMERALD DOWNS QUICK OFFICIAL:

Notice to Owners & Trainers “Emerald Downs Quick Official”
In order to accelerate declaring races official at Emerald Downs, the following procedures are in effect. These procedures only apply when interference is not suspected, has not occurred or there is no other reason to delay declaring the races official. The following procedures are in effect at Emerald Downs:

Request for “HOLD”. An outrider, equipped with a two-way radio for communication with the stewards, will be designated and stationed on or beyond the turn past the finish wire. Jockeys wishing to request a “hold” on the race becoming official for any reason will so communicate their wishes to the outrider. If a horse is pulling up after crossing the finish line, prior to reaching the outrider, that jockey must proceed, if capable, near enough to communicate to the outrider if he or she wished to request a “hold.” Should a horse pull up before crossing the finish line and the jockey cannot communicate with the outrider, the stewards have the option to place a hold on the race until they are confident that the race is clear. It is understood that any outrider’s primary responsibility is to perform his safety functions, and that those duties take precedence over any “quick official” duties. If for any reason the outrider is unable to communicate with the stewards or with any jockey in the race, there will be no official for that race until the first four placed jockeys have been weighed in or until the stewards are confident that the race is clear.

In order to permit owners or trainers to request a hold, telephone lines to the stewards have been installed at the following prominent locations at Emerald Downs:

- 1) In the winner’s circle area near the scale;
Steward’s phone number: ext. 7613

The choices for owners and trainers are either to register a claim of foul or to request a hold until consultation.

Jockeys will continue to weigh in after the race in the same fashion as is customary with the stewards. After they have had a chance to consult, jockeys and/or owners and/or trainers who have requested a hold must notify the stewards of the reasons for their objection. The jockeys who have requested a “hold” shall contact the stewards.

CLAIM BOX LOCATION:

All claims must be deposited in the “Claim Box” located in the paddock office. Claims must be stamped by the “time clock” and be deposited no later than 15 minutes prior to post time.

18 Stallions Eligible for the 2017 Northwest Race Series Nominated Sire Awards

Listed below are the stallions who covered mares in 2014 whose offspring (foals of 2015) are eligible to compete as two-year-olds in 2017 for Northwest Race Series (NWRS) Nominated Sire Awards. Nominated stallions standing outside of Washington State are also eligible to be part of this program.

In addition to being sired by nominated stallions, all foals must be individually nominated to the Northwest Race Series in order to be eligible for the bonus money.

The Northwest Stallion Stakes will not be run in 2017. In lieu of that, \$40,000 in bonus money will be allocated as follows: \$10,000 in owners' bonuses will be distributed for each of four NWRS two-year-old stakes races – Angie C., Emerald Express, WTBOA Lads and Barbara Shinpoch Stakes – with \$5,000 going to the owner of the first-place finisher, \$3,500 to second and \$1,500 to third. These bonuses will be paid in addition to the normally allocated NWRS nominator's awards.

Safely Rehoming the Retired Racehorse

When a horse is ready to be retired from racing and sold, finding an appropriate buyer sets the horse up for success and stability in a future career. Many buyers consider off-track thoroughbreds because the initial purchase prices are inexpensive; and for some trainers or ambitious amateurs, this is an affordable way to purchase a sufficiently athletic horse. You may have already had success placing horses with individuals like these.

However, many buyers looking for a cheap horse do not have the skillset or financial capacity to manage a retired racehorse. This puts the horse at high risk of future injury, being underfed, experiencing other forms of neglect, or seriously harming an inexperienced person or child. It is advisable to turn down an offer if the buyer is either too inexperienced or does not have the financial means to own a horse. Avoiding these kinds of placements is good for both the welfare of the horse and the public image of racing.

Attached is a basic application that can be used as a tool to quickly assess whether the buyer has the basic understanding of what restarting a retired racehorse requires. It can be valuable to get a sense of whether the buyer already understands the responsibilities that comes with letting down and restarting a racing-fit horse.

The questions on this application may seem excessive and likely obvious, but they serve a purpose as a filter. While a responsible buyer might not have perfect answers to every question, they will likely happily give satisfactory answers to most questions. However, inexperienced buyers may struggle to answer basic questions or will not currently be connected with the necessary professionals, such as a trainer, veterinarian, or farrier.

While there is no process that can guarantee a perfect result, these questions can raise red flags that may alert the seller to a poor match. Feel free to use the application as is, modify it for your own use, or simply use the questions as guideposts when talking with buyers.

Thank you for taking the time and effort to find responsible buyers for your horses!
