Revised 2/1/24

EMERALD DOWNS ENTRIES:

Emerald Downs Racing, LLC reserves the right to retain possession of all registration papers for any horse claimed at Emerald Downs until the conclusion of the current race meet (September 15, 2024). The correct medication for horses must be noted at time of entry.

A horse shall be entered in no more than one race on any one racing day. In divided races, entries will be split.

Horses drawn into a race, except sweepstakes, will be considered "in-today" horses until the race has been run. In-today horses must be noted at time of entry.

All sweepstakes races will be drawn up to (12) horses. All overnight races at the distances of four and one-half furlongs, five furlongs, and one mile, the field size will be limited to (10) horses.

In all sweepstakes, preference to run is determined by high weights or money earned. In the event a horse is excluded from the body of the race, entry fees will not be charged.

Trainers may enter up to two horses in an overnight race ONLY with the approval of the Racing Secretary at the time of entry. Trainers entering multiple horses in a race with a field size of eight (8) or less and then scratching one out of said race, will result in that trainer's multiple entries to be counted as a single entry in future races.
[as provided in WAC 260-40-030 (2)].

Trainers must register themselves and horses in their care, with HISA in order to participate in Thoroughbred Horse racing and must be

knowledgeable of and comply with the rules in the HISA Trainer Handbook. Handbook is available here: www.hisaus.org

The Racing Secretary is authorized to accept entries that will be allowed to scratch based upon predetermined conditions, and may include changes in track conditions, re-entering for another upcoming race, etc.

Emerald Downs reserves the right to change or withdraw any unclosed race.

Due to weather or track condition, the distance of a race may be changed.

ELIGIBILITY AND ALLOWANCES:

When entering horses, owners and trainers are responsible to verify the eligibility of their horses and weight allowances. The Director of Racing or any member of his staff will provide any information requested.

Maidens are not permitted to exclude winners in non-maiden races, except where a winner is the second choice of a same ownership.

Non-winners of a stated amount, applies only to the purse received from finishing first.

****All horses must be tattooed PRIOR to entry time. ****

Non-starters must be starting gate approved by the official starter before entry will be accepted.

Horses penalized in a race shall not be entitled to any of the allowances in such race. Horses not entitled to the first allowance in a race are not entitled to the second and if not the second, then to

no other subsequent allowance unless specified elsewhere in the conditions of race.

The clause “Maiden races, Claiming races...not considered” applies to both eligibility and allowances, unless stated otherwise. In addition, the term “Maiden Races” refers to a win in any and all races restricted to maidens. These rules shall apply unless otherwise stated in the conditions of the race.

In races where “state bred not considered”, state bred refers to those races restricted to Washington Bred horses.

Waiver Claiming Option (HISA Rule 2263)

Declaring a horse ineligible to be claimed at time of entry.

(1) At the time of entry, the owner, trainer or if designated, the jockey agent, may opt to declare a horse ineligible to be claimed provided:

(a) The horse has been laid off and has not started in a race for a minimum of one hundred-twenty(120) days: and

(b) The horse’s last start must have been for a claiming price;

(c) The horse is entered for a claiming price equal to or greater than the price at which the horse last started.

Effective July 8, 2024 a waiver may be claimed for a second consecutive provided certain conditions are met including 1) the waiver was asserted in the first start back, 2) horse does not win it’s first race back, 3) no change in the majority ownership 4) horse is entered for a claiming price equal to or greater than the claiming price for which it last started.

(2) Failure to declare the horse ineligible to be claimed at the time of entry may not be remedied.

For races not under HISA regulations, (Quarter Horse races) WAC-26060-405 remains in place,

VOID CLAIM (HISA Rule 2262)

A claim will be voided if the following occurs:
The Horse dies, or is euthanized before leaving the racetrack, or is vanned off the racetrack at the discretion of the Regulatory Veterinarian. The Regulatory Veterinarian determines within one hour of the race that the Horse will be placed on the Veterinarian's List as Bled, physically distressed, medically compromised, unsound, or lame before the Horse is released to the successful claimant; or the Horse has a positive test for a prohibited substance. The claim shall not be voided if, prior to the race in which the Horse is claimed, the claimant elects to claim the Horse regardless of whether the Regulatory Veterinarian determines the horse will be placed on the Veterinarian's List as Bled, or unsound or the horse tests positive for a prohibited substance. *Effective July 8, 2024* VOID CLAIM Rule has been modified. Please read and be aware of the changes to the rule. Copies are available on www.hisaus.org or in the Racing Office or the WHRC Office.

For Races not under HISA regulations (Quarter Horse races), WAC 260-64-460 remains in place.

JOCKEY ENGAGEMENTS:

No apprentice weight allowance granted in a sweepstakes.

Trainers must name a rider at time of entry.

Any named jockey is bound to fulfill his riding engagements unless excused by the stewards.

NO SCRATCH TIME/ENTER TO RUN POLICY:

No scratch time, enter to run.

In the event that the number of entries exceeds the prescribed levels in any race, horses which are not assigned a post position number will be considered excluded from that race.

No also eligible list will be drawn for any race during the 2024 Emerald Downs meet.

Any rider changes, or changes to the official program are to be approved by the Stewards by 1:00 p.m. the day of entry.

Any horse that is entered in a race may not be sold or transferred until that obligation is completed except with the permission of the Stewards.

SCRATCHES:

Scratches dropped for horses because of "track condition" are NOT automatically scratched. WHRC Stewards shall have the final decision and horsemen are advised to contact the Stewards regarding such scratches.

TRACK RULES:

Emerald Downs reserves the right to cancel or postpone any sweepstakes or other race prior to the actual running thereof, without liability, except for the return of nomination, entry, and other fees paid. Postponement will call for a redraw at a time designated by the Director of Racing. (Outriders work on a rotating basis during training hours; do not assume permission to violate a track safety rule given by one outrider is approved by all outriders. You must obtain permission each time the horse is trained.)

All reports of violations will be reported at the discretion of the outriders or official clockers.

The clocker will activate a foghorn when an emergency situation occurs and flashing lights located at distance marker poles around the track will be turned on.

You may not work a horse while an emergency situation is occurring. If you have begun your work, you should ease your horse up to ensure everyone's safety.

When you see a horse or rider injured or a loose horse, notify the closest outrider.

Supplemental Nominations/entries will run for the total gross purse, except for *the King County Express Stakes*, which will run for 90% of the total gross purse. In the event of any supplemental declaration and/or scratch, there shall be *No Refunds*. All noted fees for supplemental nominations would be for each individual race.

Northwest Race Series nominating, and eligibility money was allocated to two-year-old races in January of 2024, by the Northwest Races Series Committee which included; track management from Emerald Downs (EMD), representatives from the Board of Directors of the Washington Thoroughbred Breeders and Owners Association.

That group agreed to add the following conditions to the Northwest Race Series races:

1. All races in the series will be run if there is a minimum of 5 betting interests in each race. If the race does not have a minimum of 5 betting interests, all allocated series nominating money will revert to the Northwest Race Series pool for future distribution within the series.
2. If a scheduled race cannot be run due to inclement weather or any other reason, the track will attempt to reschedule said race at a later date in the race meet. If this is not possible, the race will be cancelled, and all allocated nominating money will revert back to the Northwest Race Series pool for future distribution within the series.
3. Starting in 2011 it is possible that there could be two nominators who will split the award on some horses. If a horse was provisionally nominated as a weanling and then someone else finished the nomination, the original nominator would get 50% of the award and the completing nominator would get the remaining 50%.

EMERALD DOWNS QUICK OFFICIAL:

To accelerate declaring races official at Emerald Downs, the following procedures are in effect. These procedures only apply when interference is not suspected, has not occurred or there is no other reason to delay declaring the races official.

The following procedures are in effect at Emerald Downs:

Request for “HOLD”.

An outrider, equipped with a two-way radio for communication with the stewards, will be designated and stationed on or beyond the turn past the finish wire. Jockeys wishing to request a “hold” on the race becoming official for any reason will so communicate their wishes to the outrider. If a horse is pulling up after crossing the finish line, prior to reaching the outrider, that jockey must proceed, if capable, near enough to communicate to the outrider if he or she wished to request a “hold.” Should a horse pull up before crossing the finish line and the jockey cannot communicate with the outrider, the stewards have the option to place a hold on the race until they are confident that the race is clear.

It is understood that any outrider’s primary responsibility is to perform his safety functions, and that those duties take precedence over any “quick official” duties. If for any reason the outrider is unable to communicate with the stewards or with any jockey in the race, there will be no official for that race until the first four placed jockeys have been weighed in or until the stewards are confident that the race is clear.

To permit owners or trainers to request a hold, telephone lines to the stewards have been installed at the following prominent locations at Emerald Downs:

In the winner's circle area near the scale.
Steward's phone number: ext. 7613

The choices for owners and trainers are either to register a claim of foul or to request a hold until consultation.

Jockeys will continue to weigh in after the race in the same fashion as is customary with the stewards.

After they have had a chance to consult, jockeys and/or owners and/or trainers who have requested a hold must notify the stewards of the reasons for their objection.

The jockeys who have requested a "hold" shall contact the stewards.

CLAIM BOX LOCATION:

All claims must be deposited in the "Claim Box" located in the Paddock Office until further notice. Claims must be stamped by the "time clock" and be deposited no later than 15 minutes prior to post time.

Safely Rehoming the Retired Racehorse

When a horse is ready to be retired from racing and sold, finding an appropriate buyer sets the horse up for success and stability in a future career. Many buyers consider off-track thoroughbreds because the initial purchase prices are inexpensive; and for some trainers or ambitious amateurs, this is an affordable way to purchase a sufficiently athletic horse. You may have already had success placing horses with individuals like these.

However, many buyers looking for a cheap horse do not have the skillset or financial capacity to manage a retired racehorse. This puts the horse at high risk of future injury, being underfed, experiencing other forms of neglect, or seriously harming an inexperienced person or child. It is advisable to turn down an offer if the buyer is either too inexperienced or does not have the financial means to own a horse. Avoiding these kinds of placements is good for both the welfare of the horse and the public image of racing.

Attached is a basic application that can be used as a tool to quickly assess whether the buyer has the basic understanding of what restarting a retired racehorse requires. It can be valuable to get a sense of whether the buyer already understands the responsibilities that comes with letting down and restarting a racing-fit horse.

The questions on this application may seem excessive and likely obvious, but they serve a purpose as a filter. While a responsible buyer might not have perfect answers to every question, they will likely happily give satisfactory answers to most questions. However, inexperienced buyers may struggle to answer basic questions or will not currently be connected with the necessary professionals, such as a trainer, veterinarian, or farrier.

While there is no process that can guarantee a perfect result, these questions can raise red flags that may alert the seller to a poor match. Feel free to use the application as is, modify it for your own use, or simply use the questions as guideposts when talking with buyers.

Thank you for taking the time and effort to find responsible buyers for your horses!
